## **PREZ SAYS**

Hello everyone, I hope a lot of you got to go to the TAMDC show. It was my first time and I was impressed by the people and exhibits. Some of our members did well in the seeded hunt, and others had luck at the fund raisers. We will talk about it at the meeting. We will also find out what our fearless hunters found at Williams Ranch, and will find out about upcoming events like the seeded hunt on May 7. Jack Ellett will be our speaker this month, so come and enjoy the fellowship at the meeting. Good hunting.

Bill

**Speaker of the Month: Jack Ellett**

**Mark your calendar for these future club meeting dates:**

May 27 - Jun 24 (4<sup>th</sup> of July celebration) - Jul 29 - Aug 26 - Sep 30 - Oct 28 - Dec 2 (Christmas Party)

## March Fun Hunt

Dave Totzke organized a successful Fun Hunt at the abandoned trailer park at Conflans & Belt Line Road in Irving on Sat April 26<sup>th</sup> from 9-12. About 12 members participated. We utilized the “draw a card for category method”. That method keeps everyone alert for any and all targets. It also helps “encourage” folks to pick up the junk.

Everyone found a little something, but mostly clad coins...and trash. The site was about 2 city blocks in size and allowed for ample dispersion, so no one was bumping into anyone else. Weather was perfect.

Here are the winners for the 5 categories:

- 1) Most Pull Tabs silver ¼\$ Dave Totzke
- 2) Most Nickels silver ¼\$ Sherry Downs
- 3) Best Ring None found, redraw, Best Token (see below)
- 4) Most Total Coins silver 1/10 oz Dave Totzke
- 5) Highest \$ amount silver ¼\$ Erik Whetstone
- 6) Best Token silver ¼\$ Richard Aquinaga

**Detector Repair Service** – If you have a broken detector, or one that just needs a part or an adjustment, Keith Wills of East Texas Metal Detectors offers a detector repair service. See his website: [www.brokendetector.com](http://www.brokendetector.com). Keith has many years' experience selling and repairing detectors. He writes: "We still repair all brands of detectors made here in the US and all the closed manufacturers from years past except for Minelab".
