Hello to all. We finally got our 100 degree plus days, knew it was coming. I bet more hot days are on the way. I know the soil is dry and hard and that makes for some tough digging. We just go a little earlier in the morning.

Several of us missed the last meeting. It was a fun road trip. We feed the mosquitoes a couple of meals and cooked in the humid heat.

Remember, our regular July meeting has been cancelled. We will be meeting with the Golden Triangle at their place on the second Friday. The clubs will furnish the BBQ. Please bring a side dish or desert. We will get started at 7:00PM. The fund raiser supported by both clubs will have 24 prizes. I anticipate lots of fun.

In August our meeting will change locations. It will be just a stone throw from the old place. I am sure all will appreciate the new location. We will change from the first of the month to the last of the month. Joe found us the new building.

Watch the heat; do not let it get you. Drink plenty of water and take frequent shade breaks. If you get warm, just leave the deep ones for me. See you Friday week.

June Meeting

We had about 22 members in attendance. Chad Green was visiting. It was a smaller group, as several members were at the San Jacinto battlefield hunting for relics.

Although we knew this would be our last meeting at this location, we were surprised to arrive and find the locks had been changed. After waiting a few minutes, someone from the church arrived to let us in. The club has been meeting at the same location for 17 years.

Since the locks had unexpectedly been changed, many members wanted to move the club's belongings at the end of the meeting. Most everything is being stored in our garage (the Jeffreys). Please let Robert or I know if you need anything before the August meeting. We hope to have a place to keep a storage cabinet at the new meeting place.

Jessy Boedeker was our speaker. He showed us part of his collection of arrowheads, as well as other tools he has found. He explained how they were used, and how to find places to look for them. He also had some artwork using arrowheads. Thanks, Jessy. It was very informative and interesting.

Peter Krell ran the meeting. As Robert Jordan and Rusty were out. Other members filled in for the drawings and finds of the month. Thanks to Andy for bringing drinks, and Ray Walther for bringing hot dogs.

Future Meetings Beginning in August

Our August meeting will be at the Garden & Arts Center in Irving, which is very close to the old meeting location. The address is 906 S. Center. There is a conflict with dates, so instead of meeting the first Friday of each month, it will be the last Friday. Our first meeting there will be Friday, August 28th.
